

## Introduction

WCMT is keen to support Fellows interested in organising events to engage with the Networks, showcase the remarkable work that Fellows are undertaking in a particular sector, or provide networking opportunities among Fellows. The events must be organised by, and be promoted to, Churchill Fellows within one or more of our Fellows' Networks, however events can also be open to non-Fellows.

## What can WCMT offer?

If you are interested in running an event you can apply for funding to cover, for example, materials needed to run a workshop, travel expenses for a guest speaker, zoom licences, the cost of renting a room or a space in which to meet.

We are also happy to promote your events, through our social media presence, and through the Fellows' Networks, as well as providing other support as necessary.

## Is my event eligible?

Events are funded at WCMT's discretion. However, you are likely to be successful if your event fulfils the following criteria:

- Your event is planned on behalf of a Fellows' Network, or for the benefit of Churchill Fellows
- Your event involves 3 or more Churchill Fellows
- Your event focuses on knowledge sharing or networking (purely social events will not be considered for funding)
- Your event is not designed for commercial gain or profit\*

\*If you are intending to fully cover your costs through ticketing we may need to see your business plan for the event

## How can I apply?

You can download an application form [here](#).

If you have any questions, please do get in touch. Queries and application forms should be directed to:
